

To install presets for VocalSynth 2:

1) Locate the VocalSynth 2 Preset Directory on your system. The default preset directories are listed below:

- Windows: C:\Users\<your_user_name>\Documents\iZotope\VocalSynth 2\Global Presets
- Mac: /Users/<your_user_name>/Documents/iZotope/VocalSynth 2/Global Presets

2) Copy the presets folder from its current location to the Presets folder located in the VocalSynth 2 Preset Directory.

3) Open your DAW (or close and restart your DAW if it was open when the presets folder was copied over) and instantiate VocalSynth 2 on a track. Open the VocalSynth 2 Preset Browser, load a preset from the recently added presets folder and find your sound!
