

To install the Find Your Sound Presets for BreakTweaker:

1) Locate the BreakTweaker Preset Directory on your system. The default preset directories are listed below:

- Windows: C:\Users\<your_user_name>\Documents\iZotope\BreakTweaker\BreakTweaker Library\Presets
- Mac: Library/Application Support/iZotope/BreakTweaker/BreakTweaker Library/Presets

2) Copy the "BreakTweaker Presets.zip" folder from this Zip file to the Presets folder located in the BreakTweaker Preset Directory and unzip the folder.

3) Open your DAW (or close and restart your DAW if it was open when the "Find Your Sound" folder was copied over) and instantiate BreakTweaker on a track. Open the BreakTweaker Preset Browser, load a preset from the "Find Your Sound" folder and find your sound!
