

To install the Find Your Sound Presets for VocalSynth 2:

1) Locate the VocalSynth 2 Preset Directory on your system. The default preset directories are listed below:

- Windows: C:\Users\<your_user_name>\Documents\iZotope\Trash 2\Global Presets
- Mac: /Users/<your_user_name>/Documents/iZotope/Trash 2/Global Presets

2) Copy the “VocalSynth 2 Presets.zip” folder from this Zip file to the Presets folder located in the VocalSynth 2 Preset Directory and unzip the folder.

3) Open your DAW (or close and restart your DAW if it was open when the "Find Your Sound" folder was copied over) and instantiate VocalSynth 2 on a track. Open the VocalSynth 2 Preset Browser, load a preset from the "Find Your Sound" folder and find your sound!
